Forever

The Annual Staff has in these few pages tried to capture some parts of the work, the play, the seriousness and the gaiety which have made our college and high school days a magic time. We hope that as you turn through the pages of the CARVERAN in years to come, it will bring the joy of reminiscence to all who remember the Class of 1956.

We would like to thank all the merchants for their co-operation in making this annual possible. The association we have had with them has been a real pleasure.

To our beloved instructors we say, "Thanks for your patience with the staff and for your gracious attitude toward making our CARVERAN a success."

CARVER COLLEGE

CARVER COLLEGE, A MUNICIPAL COLLEGE DEDICATED TO
THE TRAINING OF YOUNG PEOPLE AND ADULTS
FOR WHOLESOME LIVING AND FULL
PARTICIPATION IN A
DEMOCRATIC
SOCIETY

We dedicate ...

The staff and student body dedicate with pride the 1955-1956 Carver to one of Charlotte's own, Mr. Eugene S. Potts. Popular, progressive and dynamic, Mr. Potts is well characterized by a leading radio and television publication as one who "has never learned to say 'no' in situations where he can be of help to others."

"Genial Gene," as he is affectionately known by his thousands of devoted fans, became Charlotte's first Negro disc jockey in 1948. He is the only Negro on the board of directors of Radio Station W.G.I.V., of which he is also a stockholder.

Mr. Potts is one of the nation's fifteen leading disc jockeys. Tests of strength among the disc jockeys of the local stations saw him as the winner by a wide margin. He has been cited in national magazines, including *Harpers* and *Radio and Television Mirror*.

"Genial Gene" is active in the religious, social and civic life of the community. He has worked closely with the March of Dimes, the Y.M.C.A., the United Negro College Fund, the United Appeal, the Police Department and the public schools. He is an alumnus of Second Ward High School and Johnson C. Smith University. He is a member of the Clement Memorial A.M.E. Zion Church, the Alpha Phi Alpha Fraternity and a number of other social and civic organizations.

A MESSAGE FROM THE DIRECTOR

Another year has passed in the development and advancement of Carver College, its faculty, its students, and the community. In the course of the past two years the world has altered monumentally and none of us can escape its changes and responsibilities to meet the new challenges. You will realize that your own education has improved and thus your perceptions have been sharpened. You will need all the education you have acquired. The world is becoming highly specialized. In our society with its highest standard of living in the world, you will find that very soon a college education will become a minimum requirement. Never stop your education and never stop growing intellectually. You have compiled this book as a record of this experience. As the years go by, you will find this book a valuable memento of your associations, your faculty, your advisors, your fellow students, and some of those who have helped in the development of our institution. Let this book make you proud of one thing--together we, all of us, have tried. More than that no one else can say.
